

QUALITY AND ENVIRONMENT POLICY

TALLSA S.L. is a bar turning company that has been offering personalized service since 1963, trying to provide the highest quality, the best service and competitive prices in the manufacture of machined and bar turning parts.

The Management of TALLSA S.L. is fully convinced of the usefulness and importance of quality management, within a framework of continuous improvement and customer satisfaction, and is committed to the environment. For this reason, a Quality Management System based on the UNE EN-ISO 9001 standard and an Environmental Management system based on the UNE EN-ISO 14001 standard have been implemented.

With this commitment of the Management all the company staff is involved in order to follow the defined quality policy and accomplish the stated goals:

- Implement, develop and maintain a Quality and Environmental Management System and encourage the commitment of the Management.
- Meet legal and regulatory requirements, as well as the commitments to the customers.
- Follow the market's evolution and, if possible, anticipate its needs.
- Encourage the staff's participation and learning, aiming to a continuous improvement of the Quality and Environmental Management System.
- Ensure the quality of our services and the established deadlines.
- Assist our customers by providing know-how and always trying to solve and innovate for the benefit of both, keeping an open and collaborative relationship, promoting respect for the environment.
- Getting a mutually beneficial relationship with suppliers in order to increase the capacity of both to create value.
- Acquire a commitment to the protection of the environment, including the prevention of pollution, as well as the sustainable use of resources, mitigation and adaptation to climate change.
